The store is abuzz this week as we begin to prepare for our *Christmas at the Hive* event. We have wicks ready for beeswax snow candles and s'mores waiting to be roasted over the fire. A few more tasks to do and we'll be all ready for Saturday Dec. 3rd and 10th. Now if Mother Nature would donate a dusting of snow it would be even better. Product of the Month

Beeswax Candles

Candles and Christmas go hand-in-hand. Even in the middle-ages candles were used to represent Christmas and they were even once used to light up Christmas trees before electricity brought a safer alternative. This holiday keep the tradition alive with an 100% beeswax candle.

Beeswax candle prices range from $1.70 to $20.95

Mead Matters

The mead fermentation room has been heating up all month with three tanks going full blast. First out of the tank is the newest *Melissa's Gold*, being bottled today. *Fire 'n Spice* will be next and just in time since that

shelf is almost bare. For mead availability at Alberta liquor stores please check this link.

Mead for the holidays is a great tradition . It's something unique and celebratory. Whether it's a warm glass of Fire 'n Spice while decorating the Christmas tree or a classic bottle of John Cameron with an after-dinner cheese plate, special occasions deserve special treats. For another twist, **try this Holiday Mead cocktail.**
